

GREEN CLEANING: FOR YOU, FOR YOUR WORK ENVIRONMENT, FOR YOUR WORLD

In our commitment to doing business the right way and turning ordinary tasks into extraordinary service, ServiceMaster Clean® offers you environmentally conscious, green cleaning options.

Green cleaning isn't just associated with corporate responsibility and environmental protection. It's linked to overall better health and reduced sick day absences, too.* With growing interest in environmental welfare, many people are considering healthier, responsible alternatives.

Look to the trusted name of ServiceMaster Clean. We have developed unique, safe and effective contaminant-free cleaning methods and materials specifically for green cleaning. Honoring our pledge of good stewardship, we are constantly working to eliminate the use of toxic chemicals and minimize any negative environmental impact.

And we deliver the level of clean you prefer, even with the extra care that green cleaning provides. Breathe easier with both better air quality and less impact on the environment,* thanks to products that are independently tested, audited and certified green. Relax knowing it's easy to do business with ServiceMaster Clean.

WHAT'S GREEN FOR™? JUST THE WHOLE PLANET.

Effective, safe and environmentally responsible, Green For™ products are developed by ServiceMaster Clean® for the highest level of clean, with minimal environmental impact.*

They are free of ingredients such as perfumes and dyes and meet even the most demanding certification requirements. They reduce toxins absorbed into our ecosystem, and eliminate smog contributors. Green For™ products' rate of biodegradation is also much faster than that of non-green products.

They clean without harming for the benefit of our great planet, you and your great business or institution.

GREEN CLEANING:

- ▶ Highly effective
- ▶ Healthier workplace
- ▶ Reduced toxins
- ▶ Environmentally friendly

DETERGENT-FREE CLEANING

ServiceMaster Clean® detergent-free cleaning uses ingredients listed by the Food and Drug Administration as safe for consumption. Specifically, this means that our cleaning products are free of surfactants or wetting agents, contain no ingredients that are considered corrosive, alkaline or acidic, and have no VOCs (volatile organic compounds).

SERVICEMASTER CLEAN SERVES ALL INDUSTRIES:

- ▶ Healthcare
- ▶ Education
- ▶ Government
- ▶ Hospitality
- ▶ Property management
- ▶ Manufacturing
- ▶ Everything in between

WHO WE ARE

With more than 4,500 franchises around the world, ServiceMaster Clean® has been a leader in the cleaning and restoration industry for over half a century. We give customers a remarkable cleaning experience by transforming the consistent completion of ordinary tasks into extraordinary above-and-beyond service.

Our corporate commitments to truly excel at service and to do business the right way help make ServiceMaster Clean the trusted name in cleaning and maintenance for all kinds of industries. What's more, customers get the personalized attention of a local business combined with the research and development, best practices and stability of a Fortune 500 company. All represented by good-natured, well-trained people that want to keep your business looking its best.
